BUILD YOUR BEST.
BODY. EVER.

FUCK YES!

I AM DAMN IMPRESSED. I REALLY AM. FOR A GUY LIKE YOU TO TAKE THE KIND OF DECISIVE ACTION YOU JUST TOOK IS RARE.

I want to congratulate you right now on making a wise and extreme profitable decision. It's going to pay off for you BIG TIME.

My bet is you're the kind of guy that, like me, has set his sights on THE PRIZE and refuses to be distracted by piddly shit. Because we all know, every single guy wants to walk around looking like a greek god. Yet few are willing to do whatever it takes.

You, my friend are willing. You're going to make it, too. Especially if I have anything say about it. Given your badass, take no prisoners commitment...

Welcome to Tzemis Fitness

From this day forward, consider me your personal coach, trainer and mentor. I want to congratulate you right now on making a wise and extremely profitable decision. It's going to pay off for you BIG TIME.

So, first things first...

Let me share with you the Deadliest Fitness Mistake of all time...

5 years ago, fighting back hot tears, I made a blood vow to myself things would be different...

Back then, my weekends were spent alone. I had few friends. Dateless. Zero job prospects. And I remember the pain. The excruciating pain of being ignored. Of being a nobody.

I used to be shy and reserved.

I used to be a wallflower...

Girls would notice me from a distance and then as they approached, they'd disappear and I'd wonder why. It's been years since I felt that deep hole in my soul.

Almost like I was invisible to the rest of the world.

Girls acted like I wasn't even there. Guys pretty much didn't see me as a threat and left me alone. The Amish have a word for it. They call it being "shunned."

And I was miserable...

I can tell you about the things I tried. But I'd just embarrass myself. Besides the pain was just too great. When I was a kid I dreamed of being somebody. Somebody important. Somebody special. I wanted to be in demand.

I wanted to be wanted.

And so 5 years ago I made a decision.

Most badasses don't really know what a decision is. A real decision is when you've cut off any possibility except what you've committed to do, when you will not look back, when you will not even consider the possibility of giving up. It's "I'm gonna fvcking do this, or I'm gonna die trying."

The fact is, I did it. And I know EXACTLY what it takes. But it could've happened, quicker. Without all the headaches. Now? I want to help you do the same. If you'll permit me, I AM GOING TO TAKE CHARGE of your destiny.

That means nobody fails on my watch. NOBODY.

Let me reveal to you a secret...

A secret to ACCELERATE your status building, body-sculpting efforts. Getting to that elite six pack status level simpler, faster and easier than you ever thought possible.

The only truly important factor when it comes to achieving your dream body, getting that ass or having a shredded 6 pack is CONSISTENCY. Being consistent with your diet. Being consistent with your training. Being consistent with your supplementation. Fuck, be consistent being consistent and really following through.

We are essentially going through what Seth Godin calls :

TRANSFORMATION TOURISM

"I bought the diet book, but ate my usual foods."

"I filled the prescription, but didn't take the meds."

"I took the course... well, I watched the videos... but I didn't do the exercises in writing."

Merely looking at something almost never causes change. Tourism is fun, but rarely transformative. If it was easy, you would have already achieved the change you seek.

Change comes from new habits, from acting as if, from experiencing the inevitable discomfort of becoming.

THE DEADLIEST FITNESS MISTAKE OF ALL TIME IS A LACK OF:

F.O.C.U.S.

Following one course until successful

How many times have you started a diet or workout program and quit after a few weeks or even a few days or even a few hours - or is that last one just me?

But now you know.

Being a finisher is one of the most important life skills you can learn. How many times in the past have you started something and not finished it? Or said you were gonna do something and not followed through.

It's time it wipe the slate clean. By joining the Tzemis Empire, you are now a finisher.

Whether it's one of my programs or someone else, you are going to follow through all the way to the end. No giving up half way through. No modifying. Just following through.

By reading this you are committed to becoming the most badass version of yourself and bringing about that body, that badass head turning, panty soaking body that commands respect. This body has been laying dormant for years, pressed by society and their bullshit game...

Not anymore. Now your on my team. Get ready to unleash the beast.

You're not the first to feel that trembling of the earth beneath your feet... that intoxicating rush of adrenaline... that overwhelming Hulk-like desire to pound your clenched fist on the table and say...

FUCK YES!

I'm doing this now and no one is going to stop me! And with my help, YOU WILL.

Where to go from here

Fantastic you made it to the end!

Most people don't finish anything they start ever and that's really what separates the winners from the losers. Completing something is the only way to success.
